Santa Barbara Region Chamber of Commerce Organizes

Emergency Housing List For Fire Victims

Santa Barbara, California – The Santa Barbara Region Chamber of Commerce is compiling and publishing a list of available emergency rental housing for victims of the fire. The list will be published on the Chamber website, sbchamber.org, beginning Monday May 11, 2009. The Chamber will have hard copies of the list available in our offices at 924 Anacapa Street or will fax or email copies to fire victims.

If you know of members of the community who have a house, apartment, RV or guesthouse that they can make available for fire victims, they are asked to email the Chamber with information on their property, steve@sbchamber.org. The Chamber will compile the information and make it available to fire victims.

Please include as much detail as possible: cost, size, contact info, availability, restrictions, take pets?, furnished, pictures of the property, etc.

Many people, in the last fire, made rooms in their homes and guest homes available for short terms for free to fire victims.

Thank you for your help.
